(2) when was the amount realised;

Rama Varmha Tampuran:—(1) The amounts were due from some of the Societies. Since the Committee members of Societies changed every year and since the invoices, etc., were not correctly filed by the Societies they had to be addressed and reminded more than once for payments. A major portion of the amount was realised. Seeing that it would take more time to realise the remaining amount also from them and since the Government wanted to close the accounts the balance amount was paid by the Registrar himself.
